

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Asher Wolinsky
DOCKET NO.: 14-21836.001-R-1
PARCEL NO.: 05-07-416-040-0000

The parties of record before the Property Tax Appeal Board are Asher Wolinsky, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,022
IMPR.: \$61,805
TOTAL: \$74,827

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,960 square feet of living area. The dwelling was constructed in 1973. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 9,828 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The appellant submitted comparables ranging in size from 2,789 to 3,202; in age from 23 to 48 years; and location from 1,000 to 1,500 feet from subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,827. The subject property has an improvement assessment of \$61,805 or \$20.88 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that range: in size from 2,330 to 3,547; in square feet of living area; in age from 10 to 51 years, and location from the same block to ¼ mile from subject.

In rebuttal, the appellant argues that the board of review's comparables are not similar to the subject because these properties would sell for a higher value than the subject based on a calculation using their most recent sale price and the Case-Shiller Index.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board gives no weight to the appellant's argument that the board of review's comparables are not similar to the subject based on a projected sale price. The appellant is speculating as to a sales price and no evidence of actual sales.

The Board finds the best evidence of assessment equity to be *appellant's comparable #2 and the board of review's comparables #2 and #3*. These comparables had improvement assessments that ranged from \$18.40 to \$24.20 per square foot of living area. The subject's improvement assessment of \$20.88 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not demonstrate* with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not justified*.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
