

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyubomir Alexandrov  
DOCKET NO.: 14-22326.001-R-1  
PARCEL NO.: 20-33-208-050-0000

The parties of record before the Property Tax Appeal Board are Lyubomir Alexandrov, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 778  
**IMPR.:** \$ 9,486  
**TOTAL:** \$ 10,264

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome dwelling of masonry construction. The appellant's grid sheet indicates the subject contains 620 square feet of living area. The dwelling was constructed in 1966. Features of the home include a full basement, three bedrooms, and one bath. The property has a 1,297 square foot site and is located in Lake Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,264. The subject's assessment reflects a market value of \$103,364. The board of review's evidence indicates the subject contains 1,240 square feet of living area. Based on this square footage of living area, the subject's assessment reflects a value of \$83.36 per square foot of living area, including land, when applying the 2014 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.93% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

#### **Conclusion of Law**

As the appellant did not submit evidence to dispute the assessor's records regarding the subject's living area of 1,240 square feet, the Board finds the subject contains 1,240 square feet of living area.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be board of review comparable sales #1, #2, and #3. These comparables sold for prices ranging from \$122.99 to \$147.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$83.36 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
