

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Metz
DOCKET NO.: 14-22341.001-R-1
PARCEL NO.: 05-34-208-011-0000

The parties of record before the Property Tax Appeal Board are Lisa Metz, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 15,750
IMPR.: \$ 56,243
TOTAL: \$ 71,993

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,888 square feet of living area. The dwelling was constructed in 1911. Features of the home include a full basement, a fireplace and a two-car garage. The property has a 10,000 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the

subject property was purchased on April 22, 2011 for a price of \$725,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,001. The subject's assessment reflects a market value of \$825,791 or \$285.94 per square foot of living area, land included, when using the 2014 three year average median level of assessments for class 2 property of 9.93% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on the sale of the subject in April 2011 for a price of \$725,000. The board also submitted information on three comparable sales.

In written rebuttal, the appellant submitted another copy of the previously submitted settlement statement. The appellant also submitted a copy of a 2015 decision from the Cook County Assessor that indicates the subject's assessment was reduced from \$82,001 to \$72,500.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2011 for a price of \$725,000. Both parties submitted evidence of this sale. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the Multiple Listing Service and it had been on the market for seven months. In further support of the transaction the appellant submitted a copy of settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$725,000 as of January 1, 2014. Since market value has been determined the 2014 three year average median level of assessment for class 2 property under the

Cook County Real Property Assessment Classification Ordinance of
9.93% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)
