

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richards Amundson
DOCKET NO.: 14-22434.001-R-1
PARCEL NO.: 08-12-300-059-0000

The parties of record before the Property Tax Appeal Board are Richards Amundson, the appellant(s), by attorney Anita B. Mauro, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,323
IMPR.: \$9,877
TOTAL: \$11,200

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 20014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two, story, town house dwelling of masonry construction containing 1,364 square feet of living area. The property is a class 2-95 under the Cook County Real Property Assessment Classification Ordinance (hereinafter "Ordinance") and is located in Mount Prospect, Elk Grove Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal. The scope of the appraisal includes 20 of the 28 total units, including the subject. The subject was appraised at \$112,000 as of January 1, 2013. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's combined total assessment of \$12,470 was disclosed. The subject's assessment reflects a market

value of \$124,700 when applying level of assessment of 10% for class 2-95 property under the Cook County Real Property Assessment Classification Ordinance. In support of the assessment, the board of review submitted handwritten notes confirming the sale of four units. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value of \$124,700, which is above the best evidence of market value in the record. The Board finds the subject property had a market value of \$112,000 as of the assessment date at issue. Since market value has been established, the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
