

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carla Martinucci
DOCKET NO.: 14-22495.001-R-1
PARCEL NO.: 14-29-300-116-1001

The parties of record before the Property Tax Appeal Board are Carla Martinucci, the appellant(s), by attorney George J. Relias, of Relias & Tsonis, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,763
IMPR.: \$63,237
TOTAL: \$75,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of one unit in a three unit condominium building. The subject's percentage of ownership is 51.02%. The property is a class 2-99 per the Cook County Real Property Classification Ordinance. The property has a 4,250 square foot site and is located in Chicago, North Chicago Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$750,000 as of March 19, 2013. Appellant requested that the Board apply the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,171. The subject's assessment reflects a market value of

\$851,710 when using the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance.

In support of the assessment, the board of review submitted a condominium analysis based on the total consideration of the sale of one residential unit in the subject's condominium in 2014 for \$572,000. After deducting 15% for personal property, the total consideration was \$442,000. Dividing the total consideration by the percentage of interest of ownership in the condominium for the units that sold of 23.6200% indicated a full value for the condominium property of \$1,871,295.

The board of review's evidence distinguished two of the appraisal's comparables based on location and size. Based on this evidence, the board of review requested confirmation of the subject's assessment

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value of \$841,710, which is above the best evidence of market value in the record. The Board finds the subject property had a market value of \$750,000 as of the assessment date at issue. Since market value has been established, the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
