

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Oprisoni
DOCKET NO.: 14-23037.001-R-1
PARCEL NO.: 10-36-424-034-1020

The parties of record before the Property Tax Appeal Board are Maria Oprisoni, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$547
IMPR.: \$19,36
TOTAL: \$2,483

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a residential condominium unit contained in an 84 year-old, three-story residential condominium building of masonry construction. The property has a 13,438 square foot site and is located in Rogers Park Township, Cook County. The subject is classified as a Class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on September 29, 2011 for a price of \$25,000. The appellant also submitted the real estate sale contract; and disclosed in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties, was advertised and sold by a realtor, and was sold in settlement of a contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2014 three-year average

median level of assessment for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,660. The subject's assessment reflects a market value of \$96,660 when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted a condominium analysis with information on suggested comparable sales for four units in the building which sold from 2007 through 2014 for a sales total of \$580,500. The board of review applied a 5.00% market value reduction for personal property to arrive at an adjusted market value of \$551,475 of the four units sold. The board of review disclosed the units sold consisted of 12.90% of all units in the building. The result was a full value of the property at \$4,275,000. Since the subject was 3.016% of all the units, the board of review suggested the market value of the subject to be \$128,934.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2011 for a price of \$25,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant disclosed in Section IV-Recent Sale Data of the appeal that the parties to the transaction were not related, the property was sold using a Realtor, and the property had been advertised on the open market. In further support of the transaction, the appellant submitted a copy of the settlement statement. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$25,000 as of January 1, 2014 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2014 three-year average median level of assessment of 9.93% for Class 2 property as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
