

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacek Malczynski
DOCKET NO.: 14-23508.001-R-1
PARCEL NO.: 01-12-201-005-0000

The parties of record before the Property Tax Appeal Board are Jacek Malczynski, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,373
IMPR.: \$ 57,706
TOTAL: \$ 63,079

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is seven years old. Features of the home include a full basement with recreation room, central air conditioning, one fireplace and a three-car garage. The property has a 21,492 square foot site and is located in Barrington Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted

information on four suggested equity comparables, a copy of a certificate of compliance to demolish the subject dated April 16, 2008, a signed document addressed to the Department of Building and Zoning of Cook County, Illinois from Thomas W. Buckley, Architect stating the size of the proposed project, floor plans of the subject and four photos of what appears to be the subject's basement.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,079. The subject property has an improvement assessment of \$57,706 or \$15.42 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on a total of 16 comparables. Four equity comparables each that are class 2-78 and 2-08 and four sale comparables each that are class 2-78 and 2-08.

In rebuttal, the appellant submitted a building sketch prepared by Ludwik J. Pacyk, Certified Residential Real Estate Appraiser, stating that the subject contains 3,742 square feet of living area.

At hearing the appellant argued that his property is classified incorrectly as a 2-08 and that his property contains 3,742 square feet of living area and should be classified as a 2-78 property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that for the purposes of this appeal only, the subject contains 3,742 square feet of living area. Therefore, the Board finds the best evidence of assessment equity to be the board of review's comparables that are class 2-78 properties, #1 through #4. These comparables had improvement assessments that ranged from \$15.61 to \$16.14 per square foot of living area. The subject's improvement assessment of \$15.42 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
