

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lu Yang
DOCKET NO.: 14-25651.001-R-1
PARCEL NO.: 02-27-408-106-0000

The parties of record before the Property Tax Appeal Board are Lu Yang, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,753
IMPR.: \$9,747
TOTAL: \$12,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story townhome of frame construction. The dwelling is approximately 36 years old and has 1,050 square feet of living area.. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a one-car garage. The property has a 2,503 square foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on September 20, 2013 for a price of \$125,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,162. The subject's assessment reflects a market value of \$161,620 or \$153.92 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. As part of its submission, the board of review made reference to the September 2013 sale of the subject property for a price of \$125,000 or \$119.05 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was the purchase of the subject property in September 2013 for a price of \$125,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for two months. In further support of the transaction, the appellant submitted a copy of the settlement statement, which reiterated the subject's sale price and disclosed that commissions were paid to two realty firms. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave the board of review's equity evidence no weight as it was not responsive to the subject's overvaluation argument.

Based on this record, the Board finds a reduction in the subject's assessment to reflect the purchase price is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
