

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonio Montano
DOCKET NO.: 14-25904.001-R-1
PARCEL NO.: 19-09-120-003-0000

The parties of record before the Property Tax Appeal Board are Antonio Montano, the appellant, by attorney Abby L. Strauss of Schiller Strauss & Lavin PC, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,362
IMPR.: \$11,729
TOTAL: \$14,091

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,152 square feet of living area. The dwelling is approximately 55 years old. Features of the home include a full unfinished basement and two-car garage. The property has a 3,780 square foot site and is located in Chicago, Stickney Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables are improved with one-story or 1.5-story

dwelling of masonry exterior construction.¹ The dwellings are from 65 to 67 years old and contain from 1,365 to 1,628 square feet of living area. Each comparable has a full basement with one comparable having finished area, one comparable has central air-conditioning and each comparable has a two-car detached garage. The comparables have improvement assessments ranging from \$8,769 to \$11,355 or from \$6.42 to \$6.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$7,811 or \$4.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,091. The subject property has an improvement assessment of \$11,729 or \$10.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables which are located within the same neighborhood code as the subject. Each comparable is improved with one-story masonry dwellings. Each dwelling is from 52 to 54 years old and has either 1,032 or 1,035 square feet of living area. Each comparable has a full unfinished basement, one comparable has central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$11,102 to \$12,484 or from \$10.76 to \$12.10 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables because of their larger dwelling size or full finished basement when compared to the subject's smaller dwelling size and full unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are similar to the subject in location, design, exterior construction, age, dwelling size and features. The comparables have improvement assessments ranging from \$11,102 to \$12,484 or from \$10.76 to \$12.10 per square foot of living area. The subject's improvement assessment of \$11,729 or \$10.18 per square foot of living area is less than the best comparables contained in this record on a per-square-foot basis and within the range on a total improvement assessment basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant's Comparable Sales/Assessment Grid Analysis did not provide the number of stories for the dwellings. It appears from the photographs submitted as evidence comparables #1 and #3 are one-story dwellings and comparable #2 is 1.5-story dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
