

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Jachimiak  
DOCKET NO.: 14-25911.001-R-1  
PARCEL NO.: 18-25-209-034-0000

The parties of record before the Property Tax Appeal Board are Anna Jachimiak, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,591  
**IMPR.:** \$15,458  
**TOTAL:** \$18,049

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 45-year-old, multi-level dwelling of frame and masonry construction with 1,145 square feet of living area. Features of the home include a partial basement, central air conditioning, and a two-car garage. The property has a 7,973 square foot site and is located in Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased on July 11, 2014 for a price of \$181,100. In support of the inequity argument, the appellant submitted three suggested equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,049. The subject has an improvement assessment of \$15,458 or \$13.50 per square foot of living area. The subject's assessment reflects a market value of \$181,762 or \$158.74 per square foot of living area, land included, when using the 2014 three year median level of assessments for class 2 property of 9.93% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant failed to submit sufficient evidence to establish that the subject property sold in an arm's length transaction. The appellant failed to complete section IV or the affidavit submitted along with the appeal application. Based on this record, the Board finds that the appellant did not demonstrate by a preponderance of the evidence that the subject property was overvalued.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3, and the board of review's

comparable #1, #2, and #3. These comparables had improvement assessments that ranged from \$10.17 to \$13.63 per square foot of living area. The subject's improvement assessment of \$13.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
