APPELLANT: Kathleen Nathan

The parties of record before the Property Tax Appeal Board are Kathleen Nathan, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

14-25955.002-R-1	05-29-101-049-0000	16,515	0	\$16,515

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is 87 years old. Features of the home include a full basement, central air conditioning, four fireplaces and two attached two car garages. The property is located in New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$3,400,000 as of January 1, 2013. The appellant also submitted a PTAX-215 form and a letter from the appraisers that states the subject's market value is substantially the same in 2013 and 2014. The appellant requested an assessment of 9.69% of the appraised value or \$329,460.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$339,479. The subject's assessment reflects a market value of \$3,418,721, including land, when applying the 2014 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.93% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

In written rebuttal, the appellant stated that, as indicated in the appellant's appraisal, the subject's functional utility is below average while the board of review's comparable #4 is in deluxe condition. The appellant also stated that board comparables #1 and #2 are newer than the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$3,400,000 as of the assessment date at issue. Since market value has been established the 2014 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.93% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
