

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Unter  
DOCKET NO.: 14-26372.001-R-1  
PARCEL NO.: 01-13-103-004-0000

The parties of record before the Property Tax Appeal Board are Scott Unter, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,145  
**IMPR.:** \$51,310  
**TOTAL:** \$61,455

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 29 year-old, one-story dwelling of masonry construction containing 3,287 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 40,580 square foot site and is located in Barrington Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a Multiple Listing Service (hereinafter, "MLS") information sheet disclosing the subject property was purchased on June 17, 2013 as short sale property for a price of \$475,000. The appellant also submitted a Warranty Deed, Bill of Sale and Affidavit of Title, each of which disclosed that title was conveyed to Kurt E. Unter and Patricia A. Unter as trustees; and information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not

sold as a transfer between related parties, and was advertised and sold through a realtor. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,455. The subject's assessment reflects a market value of \$614,550 or \$186.96 per square foot of living area when using the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The subject's sale price of \$475,000 reflects a market value of \$144.51 per square foot of living area including land. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales from 2011 through 2013 and ranging from \$185.29 to \$529.55 per square foot of living area including land. The board of review also included the June 2013 sale of the subject for the price of \$475,000.

In rebuttal, the appellant asserted that the sale was at arm's-length. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in June 2013 for \$475,000 is a "compulsory sale." The appellant submitted the MLS sheet which clearly disclosed the subject was sold short. This fact is uncontested by either party. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is

ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The evidence submitted disclosed the subject's sale was compulsory. However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. *See* 35 ILCS 200/16-183. The appellant's evidence did not dispute that the sale was a short sale and therefore, a compulsory sale and did not submit sale comparables or other evidence to show that the sale of the subject in June 2013 for \$475,000 was at its fair cash value. Moreover, the board of review submitted sale comparables that contained property characteristics similar to the subject's and sold from 2011 through 2013 for prices ranging from \$185.29 to \$529.55 per square foot of living area including land. Although the appellant appeals the 2014 assessment, the sale of the subject occurred in 2013, which was within the same time range as the board of review's comparable sales. The subject's assessment reflects a market value of \$186.96 per square foot of living area including land, which is within the range established by the best comparable sales in this record. The board of review's sale comparables also establish that the subject's purchase price was below its fair cash value. After considering all the evidence and in light of all factors, the Board finds that the subject is not overvalued and holds that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
