

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Miguel Salgado  
DOCKET NO.: 14-26512.001-R-1  
PARCEL NO.: 15-04-110-024-0000

The parties of record before the Property Tax Appeal Board are Miguel Salgado, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,865  
**IMPR.:** \$8,009  
**TOTAL:** \$10,874

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction. The dwelling is approximately 34 years old and has 1,152 square feet of living area and a full unfinished basement. The property has a 4,585 square foot site and is located in Stone Park, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. The comparable dwellings are either 48 or 60 years old and contain from 1,252 to 1,370 square feet of living area. The comparables have improvement assessments ranging from \$2,651 to \$3,672 or from \$2.11 to \$2.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$2,972 or \$2.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$10,874 was disclosed. The subject property has an improvement assessment of \$8,009 or \$6.95 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties. The dwellings are from 24 to 51 years old and contain from 1,050 to 1,299 square feet of living area. These properties have improvement assessments ranging from \$8,274 to \$9,648 or from \$7.43 to \$8.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of seven suggested comparables. The Board finds the appellant's comparables and board of review comparables #1 and #4 differed significantly from the subject in age and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3. The Board finds these comparables were very similar to the subject in location, design, exterior construction, age, living area and foundation. Moreover, comparable #2 was located on the same block as the subject and was identical to the subject in almost all other characteristics. Comparables #2 and #3 had improvement assessments of \$7.96 and \$7.88 per square foot of living area, respectively. The subject's improvement assessment of \$6.95 per square foot of living area falls below the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
