

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrian Levinson
DOCKET NO.: 14-26515.001-R-1
PARCEL NO.: 04-06-308-093-0000

The parties of record before the Property Tax Appeal Board are Adrian Levinson, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,937
IMPR.: \$27,236
TOTAL: \$30,173

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is a townhome that is approximately 30 years old and has 1,914 square feet of living area. Features include a concrete slab foundation, central air conditioning, a fireplace and a two-car garage. The property has a 3,456 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. The dwellings are one or two-story townhomes that are either 38 or 39 years old and contain from 1,913 to 2,132 square feet of living area. The comparables have improvement assessments ranging from \$20,497 to \$22,985 or from \$10.30 to \$10.78 per square foot of living area. Based on this

evidence, the appellant requested a reduction in the subject's improvement assessment to \$20,308 or \$10.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$30,173 was disclosed. The subject property has an improvement assessment of \$27,236 or \$14.23 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties. The dwellings are one and one-half story townhomes that are 26 years old and contain 1,483 square feet of living area. These properties have improvement assessments ranging from \$20,940 to \$23,381 or from \$14.12 to \$15.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of eight suggested comparables. None of the comparables submitted were similar to the subject in all characteristics. The appellant's comparables were more similar to the subject in living area but differed in foundation. The board of review comparables had concrete slab foundations like the subject but also had significantly less living area than the subject. The Board takes note that all of the comparables submitted had improvement assessments that ranged from \$10.30 to \$15.77 per square foot of living area. The subject's improvement assessment of \$14.23 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
