

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Hurwitz
DOCKET NO.: 14-26519.001-R-1
PARCEL NO.: 04-13-304-051-0000

The parties of record before the Property Tax Appeal Board are Michael Hurwitz, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,607
IMPR.: \$125,556
TOTAL: \$148,163

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story dwelling of frame and masonry construction with 6,120 square feet of living area. The dwelling is approximately four years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 45,215 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. The comparable dwellings are from one to twenty-seven years old and contain from 4,820 to 5,982 square feet of living area. The comparables have improvement assessments ranging from \$37,151 to \$96,305 or from \$6.53 to \$16.10 per square foot of living area. The appellant also submitted a map

showing the location of the subject property and three of the comparable properties. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$88,862 or \$14.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$148,163 was disclosed. The subject property has an improvement assessment of \$125,556 or \$20.52 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties. Two of the comparables were described as being located one-quarter mile from the subject property. The dwellings are from 18 to 62 years old and contain from 2,148 to 3,910 square feet of living area. These properties have improvement assessments ranging from \$46,354 to \$89,550 or from \$20.61 to \$24.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of eight suggested comparables. The Board finds that none of the comparables were similar to the subject in all respects. The appellant's comparable #1 is an outlier with an improvement assessment (\$6.53 per square foot of living area) that is substantially lower than any other comparable submitted for this appeal. Based on the appellant's map, comparables #2 through #4 were not located near the subject property, and comparables #2 and #3 were much older than the subject. The board of review comparables had significantly less living area than the subject and were considerably older as well. The Board takes note that all of the comparables submitted had improvement assessments that ranged from \$6.53 to \$24.30 per square foot of living area. The subject's improvement assessment of \$20.52 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
