

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dina Finucane
DOCKET NO.: 14-26636.001-R-1
PARCEL NO.: 23-26-206-025-0000

The parties of record before the Property Tax Appeal Board are Dina Finucane, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,996
IMPR.: \$20,741
TOTAL: \$30,737

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 2,098 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a partial unfinished basement, central air conditioning and a two and one-half car garage. The property has a 19,040 square foot site and is located in Palos Park, Palos Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables. The comparable dwellings are from 64 to 121 years old and contain from 2,116 to 2,425 square feet of living area. The comparables have improvement assessments ranging from \$12,096 to \$15,579 or from \$5.72 to \$6.42 per square foot of living area. Based on this evidence, the appellant requested a

reduction in the subject's improvement assessment to \$13,322 or \$6.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$30,737 was disclosed. The subject property has an improvement assessment of \$20,741 or \$9.89 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties. The dwellings are from six to sixty-one years old and contain from 1,864 to 2,706 square feet of living area. These properties have improvement assessments ranging from \$19,788 to \$29,432 or from \$10.33 to \$11.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of seven suggested comparables. The Board finds that none of the comparables submitted was sufficiently similar to the subject property. The appellant's comparables were significantly older than the subject, and two of these comparables also differed in foundation. Board of review comparables #1 and #2 were considerably older than the subject and had crawl-space foundations that were dissimilar from the subject's partial unfinished basement; board of review comparable #3 had significantly more living area than the subject; and comparable #4 was significantly newer than the subject. The Board takes note that all of the comparables submitted had improvement assessments that ranged from \$5.72 to \$11.60 per square foot of living area. The subject's improvement assessment of \$9.89 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
