

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Pritchett
DOCKET NO.: 14-26925.001-R-1
PARCEL NO.: 12-28-205-010-0000

The parties of record before the Property Tax Appeal Board are Daniel Pritchett, the appellant, by attorney Joseph G. Kusper, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$963
IMPR.: \$23,893
TOTAL: \$24,856

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 3,456 square feet of building area. The building is approximately 65 years old. Features of the building include a partial unfinished basement and a one-car garage. The property has a 1,926 square foot site and is located in Franklin Park, Leyden Township, Cook County. The subject is classified as a class 2-12 mixed-use property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables had features with varying degrees of similarity when compared to the subject. The buildings range in size from 5,850 to 8,943 square feet of building area and have improvement assessments ranging

from \$33,777 to \$48,482 or from \$4.90 to \$5.77 per square foot of building area. The appellant requested the total assessment be reduced to \$19,549.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,856. The subject property has an improvement assessment of \$23,893 or \$6.91 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings contain 2,748 or 3,975 square feet of building area and have improvement assessments of \$20,701 or \$29,320 and \$7.38 or \$7.53 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of six suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling size when compared to the subject property. The Board finds the board of review's comparables are more similar when compared to the subject in location, dwelling size, design and other features. These comparables had improvement assessments of \$7.38 or \$7.53 per square foot of building area. The subject's improvement assessment of \$6.91 per square foot of building area falls below the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
