

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Grogan Jr.  
DOCKET NO.: 14-27305.001-R-1  
PARCEL NO.: 18-04-121-011-0000

The parties of record before the Property Tax Appeal Board are Brian Grogan Jr., the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,732  
**IMPR.:** \$48,824  
**TOTAL:** \$53,556

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 2,391 square feet of living area. The dwelling is 123 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 6,528 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence disclosing the subject property was purchased on March 27, 2012 for a price of \$514,000. The appellant failed to complete the portions of Section IV-Recent Sale Data of the appeal form, which would have identified the manner by which the subject property was advertised and the length of time the property was marketed. The appellant did submit a

copy of the Real Property Transfer Declaration, however, this evidence does not reveal how the property was advertised and the length of market exposure. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,556. The subject's assessment reflects a market value of \$535,560 or \$223.99 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that occurred from May 2012 to November 2013 for prices ranging from \$575,000 to \$839,000 or from \$235.08 to \$358.19 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the board of review's comparable sale #3. This comparable was similar to the subject in location, style, exterior construction, age, features and lot size. This property also sold more proximate in time to the assessment date at issue than did the subject. The comparable sold for a price of \$839,000 or \$295.01 per square foot of living area, land included. The subject's assessment reflects a market value of \$535,560 or \$223.99 per square foot of living area, including land. The Board finds the subject's assessment is supported by the best comparable sale in this record. The Board gave little weight to the subject's sale due to its occurrence greater than 21 months prior to the assessment date at issue. In addition, the appellant failed to fully complete Section IV - Recent Sale Data of the appeal, which would have disclosed how the property had been advertised on the open market and the length of time the subject was marketed. The appellant submitted a copy of the Real Estate Transfer Declaration, however, this document does not reveal how the property was advertised and the length of market exposure, which are important elements of determining whether an arm's length transaction occurred. The Property Tax Appeal Board's appeal form requires Section IV be completed when arguing overvaluation based on a recent sale. The Board gave less weight to the board of review's remaining comparable sales due to their sale dates occurring greater than 12 months prior to the assessment date at issue. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
