

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jiri Brabenec
DOCKET NO.: 14-27342.001-R-1
PARCEL NO.: 12-26-417-012-0000

The parties of record before the Property Tax Appeal Board are Jiri Brabenec, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,294
IMPR.: \$ 16,892
TOTAL: \$ 19,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one and one-half-story dwelling of masonry construction with 1,396 square feet of living area. The dwelling is 87 years old. Features of the home include a full unfinished basement, central air conditioning, and a two-car garage. The property has a 3,990 square foot site, and is located in River Grove, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject was owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on two sale comparables that sold in August 1988 and March 2002. The appellant also stated that the subject property was purchased on June 13, 2007 for a price of \$250,000. No evidence was submitted in support of this sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$13,713.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,186. The subject property has an improvement assessment of \$16,892, or \$12.10 per square foot of living area. The subject's assessment reflects a market value of \$191,860, or \$137.44 per square foot of living area, including land, when applying the 2014 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification ordinance of 10.00%.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The two sale comparables submitted by the appellant had sales that took place in August 1988 and March 2002. Such sales are too remote in time to accurately depict the market for the subject as of January 1, 2014. Therefore, the Board accorded these sale comparables no weight in its analysis. No evidence was submitted regarding the sale of the subject in June 2007. As such, the Board accorded the sale of the subject no weight in its analysis. Thus, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and no reduction is warranted based on the appellant's market value argument.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #2, #3, and #4, and board of review comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$7.80 to \$15.29 per square foot of living area. The subject's assessment of \$12.10 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
