

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Khalil  
DOCKET NO.: 14-27380.001-R-1  
PARCEL NO.: 20-15-108-026-0000

The parties of record before the Property Tax Appeal Board are Alan Khalil, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,000  
**IMPR.:** \$13,000  
**TOTAL:** \$19,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 124 year-old, three-story, multi-family dwelling of masonry construction containing 10,782 square feet of living area. Features of the home include a full unfinished basement. The property has a 5,000 square foot site and is located in Hyde Park Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on May 22, 2014 for a price of \$190,000. The appellant also submitted an affidavit, the Quit Claim Deed and a Multiple Listing Service information sheet disclosing the subject was sold as "REO/Lender Owned" property. The appellant disclosed in Section IV—Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties, was advertised and sold by a

realtor, and was "REO bank sale" property. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,564. The subject's assessment reflects a market value of \$275,640, or \$25.56 per square foot of living area, when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables.

In rebuttal, the appellant argued that the board of review's equity comparables were not responsive to the appellant's overvaluation argument. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in May 2014 for \$190,000 is a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. The Illinois General Assembly recently provided clear guidance for the Board regarding compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183.

The Board finds the best evidence of market value to be the purchase of the subject property in May 2014 for a price of \$190,000. The Board finds the board of review did not present any evidence in response to the appellant's overvaluation argument. The only evidence the board of review filed consisted of three equity comparables. Since no sales market value information was submitted by the board of review, the only evidence of the subject's market value was the recent sale. The Board notes that the sale occurred in 2014, the same lien year for the instant appeal. The Board finds the purchase price was below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$190,000 as of January 1, 2014 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
