

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Bulkowski
DOCKET NO.: 14-28872.001-R-1
PARCEL NO.: 16-04-310-013-0000

The parties of record before the Property Tax Appeal Board are Andrew Bulkowski, the appellant(s), by attorney Scott Shudnow, of Shudnow & Shudnow, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,000
IMPR.: \$1,900
TOTAL: \$2,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of stucco construction with 2,048 square feet of living area. The dwelling is 116 years old. Features of the home include a full basement and a three-car garage. The property has a 5,000 square foot site and is located in West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in a foreclosure sale on September 29, 2011 for a price of \$29,000, or \$14.16 per square foot of living area, including land. The appellant's evidence includes a settlement statement, a Multiple Listing Service printout, a copy of Public Act 096-1083, and a copy of a Property Tax Appeal Board decision regarding two different properties, and five comparable sales that have sale prices that range

from \$8.33 to \$25.72 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect 10% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,256. The subject's assessment reflects a market value of \$152,560 or \$74.49 per square foot of living area, land included, when using the 2014 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. The board also confirmed the 2011 sale of the subject for a price of \$29,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2011 for a price of \$29,000. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the settlement statement. In addition, the board of review confirmed the subject's purchase price of \$29,000. Furthermore, the appellant submitted five sale comparables. These comparables range in price from \$8.33 to \$25.72 per square foot of living area, including land. The subject's sale price of \$14.16 per square foot of living area, including land is within the range of these comparables.

The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$29,000 as of January 1, 2014. Since market value has been determined the 2014 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
