

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kamran Investments, LLC
DOCKET NO.: 14-29054.001-R-1
PARCEL NO.: 10-21-414-072-0000

The parties of record before the Property Tax Appeal Board are Kamran Investments, LLC, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$515
IMPR.: \$20,485
TOTAL: \$21,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2013 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 825 square foot parcel of land improved with a 19-year old, three-story, masonry, mixed-use building containing 1,458 square feet of building area. The property is located in Niles Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and inequity. In support of the equity argument, the appellant submitted four equity comparables.

In support of the overvaluation argument the appellant submitted a copy of a closing statement and the special warranty deed disclosing that the property was purchased in March 2012 for a sale price of \$136,300 or \$93.48 per square foot of building area. The appellant requested an assessment of 10% of the sale price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,880 with an improvement assessment of \$22,365 or \$15.34 per square foot of building area. The subject's assessment reflects a market value of \$228,800 or \$156.93 per square foot of building area using the Cook County Ordinance Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted a brief asserting that the subject property was a compulsory sale and not reflective of the market. To support this, the board of review included a copy of the recorder of deed property history printout disclosing a Lis Pendens and a sheriff's sale to the seller of the subject. The board of review also included evidence on a total of five sale comparables. These properties sold from September 2009 to August 2013 for prices ranging from \$135.10 to \$156.57 per square foot of building area.

Conclusion of Law

The appellants contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In addressing the appellants' market value argument, the Board finds that the sale of the subject in March 2012 was a "compulsory sale." A "compulsory sale" is defined as

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties. However, the Board finds that the mere assertion by the board of review that the subject's sale was not at market solely because it is a compulsory sale is accorded no weight without evidence supporting that assertion.

In the instant case, the Board finds that the board of review presented five sale comparables while the appellant did not submit any. The comparables sold from September 2009 to August 2013 for prices ranging from \$135.10 to \$156.57 per square foot of building area. In comparison, the subject sold in March 2012 for \$93.48 per square foot of building area which is below the range of the established market. Therefore, the Board finds the subject's sale not reflective of the market. In contrast, the subject's assessment reflects a market value of \$156.93 per square foot of building area is slightly above range of the established market. Therefore, the Board finds the subject is overvalued and a reduction not to the sale price, but within the range is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
