

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eduardo E. Paneque
DOCKET NO.: 14-29100.001-R-1
PARCEL NO.: 14-32-412-068-1003

The parties of record before the Property Tax Appeal Board are Eduardo E. Paneque, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,750
IMPR.: \$13,250
TOTAL: \$20,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit within a 27-year old, multi-story, masonry, three-unit condominium building. The property is located in North Chicago Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased December 2012 for a price of \$200,000. The Real Property Transfer Tax Declaration discloses that the subject will not be the buyer's principal residence and that the property was advertised for sale. The appellant requests a reduction to 10% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,007. The subject's assessment reflects a market value of \$220,070 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted limited information on the sale of the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board also finds the best evidence of market value to be the purchase of the subject property in December 2012 for a price of \$200,000. The appellant provided evidence demonstrating the sale of the subject. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and included this sale in establishing the market. Based on this record the Board finds the subject property had a market value of \$200,000 as of the lien date. Since market value has been determined the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
