

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Lynch  
DOCKET NO.: 14-29192.001-R-1  
PARCEL NO.: 17-17-310-026-0000

The parties of record before the Property Tax Appeal Board are Kevin Lynch, the appellant(s), by attorney Ellen G. Berkshire, of Verros, Lafakis & Berkshire, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 9,100  
**IMPR.:** \$42,071  
**TOTAL:** \$51,171

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two improvements. Improvement #1 is a two-story, multi-family dwelling of masonry construction with 3,080 square feet of living area. The dwelling was constructed in 1875. Improvement #2 is a single-family dwelling with 750 square feet of living area. The property has a 3,640 square foot site and is located in West Chicago Township, Cook County. Both improvements are classified as Class 2 property under the Cook County Real Property Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables for Improvement #1. The appellant failed to submit any comparables for Improvement #2.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total improvement assessment of \$51,171 was disclosed. The improvement assessment for Improvement #1 was \$27,840, or \$9.04 per square foot. In support of the subject's assessment for Improvement #1, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject.

The improvement assessment for Improvement #2 was \$14,231, or \$18.97 per square foot. In support of the subject's assessment for Improvement #2, the board of review submitted descriptive and assessment information for an additional two properties suggested as comparable to the subject.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for Improvement #1 to be the appellant's comparables #2 through #4 and the board of review's comparables #1 through #4. These comparables had improvement assessments that ranged from \$8.35 to \$10.46 per square foot of living area. The subject's improvement assessment for Improvement #1 of \$9.04 per square foot of living area falls within the range established by the best comparables in this record.

The Board finds the parties submitted only two suggested equity comparables for Improvement #2. This is not sufficient to establish a range with which to compare similarities and differences to the subject property. Accordingly, based on the evidence contained in this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
