

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Hale
DOCKET NO.: 14-29408.001-R-1
PARCEL NO.: 33-05-106-052-0000

The parties of record before the Property Tax Appeal Board are Richard Hale, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,195
IMPR.: \$7,262
TOTAL: \$9,457

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,081 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a full unfinished basement and a 1.5-car garage. The property has a 6,273 square foot site and is located in Lansing, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables. The comparables were improved with one-story dwellings of masonry exterior construction. The dwellings are from 55 to 58 years old and contain from 1,231 to 1,269 square feet of living area. Each comparable has a basement and one comparable has central air conditioning. Photographs of the comparables indicate comparable #2 has a

two-car attached garage. The comparables have improvement assessments ranging from \$4,986 to \$5,365 or from \$4.05 to \$4.23 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$4,562 or \$4.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,457. The subject property has an improvement assessment of \$7,262 or \$6.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables in which three comparables are located within the same block as the subject property and one comparable is .25 of a mile from the subject. Each comparable is improved with a one-story masonry dwelling. Each dwelling is 58 years old and has 1,081 square feet of living area. Each comparable has a full basement with three comparables having finished areas, three comparables have central air conditioning and each comparable has a two-car or 2.5-car garage. The comparables have improvement assessments of either \$8,377 or \$8,432 or \$7.75 or \$7.80 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are identical to the subject in design, exterior construction, age and dwelling size and have similar locations and features. The comparables have improvement assessments of either \$8,377 or \$8,432 or \$7.75 or \$7.80 per square foot of living area. The subject's improvement assessment of \$7,262 or \$6.72 per square foot of living area is below the range established by the most similar comparables contained in this record and appears justified given the subject's lack of central air-conditioning and smaller garage area. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
