

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seif Salameh
DOCKET NO.: 14-29417.001-R-1
PARCEL NO.: 10-15-122-043-0000

The parties of record before the Property Tax Appeal Board are Seif Salameh, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,828
IMPR.: \$19,891
TOTAL: \$23,719

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,344 square feet of living area. The dwelling is approximately 52 years old. Features of the home include a partial finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 6,125 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables. The comparables were improved with one-story dwellings of masonry exterior construction and were from 54 to 60 years old. Each comparable has a basement, three comparables have central air conditioning and one comparable has a fireplace.

The dwellings range in size from 1,010 to 1,638 square feet of living area and have improvement assessments ranging from \$12,373 to \$19,966 or from \$12.03 to \$12.25 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,424 or \$12.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,719. The subject property has an improvement assessment of \$19,891 or \$14.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located .25 of a mile from the subject property.¹ The comparables were improved with one-story masonry or frame and masonry dwellings that range in size from 1,274 to 1,526 per square feet of living area. The dwellings are from 54 to 57 years old. Each comparable has a partial or full finished basement, each comparable has central air conditioning and two comparables have a fireplace and a two-car garage. The comparables have improvement assessments that ranged from \$19,416 to \$23,575 or from \$15.24 to \$16.44 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparable properties for the Board's consideration noting that board of review comparables #1 and #2 constitute one property. These comparables were similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments that ranged from \$12,373 to \$23,575 or from \$12.03 to \$16.44 per square foot of living area. The subject's improvement assessment of \$19,891 or \$14.80 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review comparables #1 and #2 are the same property situated on two separate parcels located at the same address. These comparables have a combined improvement assessment of \$22,206 or \$16.44 per square foot of living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
