

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wiley Johnson  
DOCKET NO.: 14-29419.001-R-1  
PARCEL NO.: 29-09-102-068-0000

The parties of record before the Property Tax Appeal Board are Wiley Johnson, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,625  
**IMPR.:** \$4,325  
**TOTAL:** \$5,950

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 983 square feet of living area. The dwelling is approximately 61 years old and has a full unfinished basement. The property has a 5,000 square foot site and is located in Harvey, Thorton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables were improved with two, one-story dwellings and one, 1.5-story dwelling of frame exterior construction. The dwellings are from 85 to 121 years old. One comparable has an unfinished basement and one comparable has central air conditioning. The dwellings range in size from 764 to 840 square feet of living area and have

improvement assessments ranging from \$1,701 to \$1,902 or either \$2.23 or \$2.27 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$2,192 or \$2.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,950. The subject property has an improvement assessment of \$4,325 or \$4.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with one-story dwellings of masonry or frame and masonry exterior construction that range in size from 888 to 983 square feet of living area. The dwellings are from 60 to 69 years old. Each comparable has a full basement with two comparables having finished areas, three comparables have central air conditioning and each comparable has two-car or 2.5-car garages. The comparables have improvement assessments that ranged from \$4,867 to \$5,114 or from \$5.20 to \$5.52 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their considerably older age and/or dissimilar 1.5-story design or lack of a basement when compared to the subject's newer age, one-story design and full unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables were most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments that ranged from \$4,867 to \$5,114 or from \$5.20 to \$5.52 per square foot of living area. The subject's improvement assessment of \$4,325 or \$4.40 per square foot of living area is less than the best comparables contained in this record. After considering adjustments to the comparables when compared to the subject, the Board finds that the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
