

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Tiemens  
DOCKET NO.: 14-29433.001-R-1  
PARCEL NO.: 30-32-116-012-0000

The parties of record before the Property Tax Appeal Board are Gerald Tiemens, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,437  
**IMPR.:** \$5,298  
**TOTAL:** \$7,735

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 934 square feet of living area. The dwelling is approximately 77 years old and has a full finished basement. The property has a 7,500 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables. The comparables were improved with two, 1.5-story dwellings and two, one-story dwellings of frame exterior construction. The dwellings are from 60 to 73 years old. One comparable has an unfinished basement and one comparable has central air conditioning. The dwellings range in size from 706 to 966 square feet of living area and have

improvement assessments ranging from \$2,045 to \$2,706 or from \$2.60 to \$3.12 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$2,671 or \$2.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,735. The subject property has an improvement assessment of \$5,298 or \$5.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located .25 of a mile from the subject property. The comparables were improved with one, 1.5-story dwelling and three, one-story dwellings of frame or frame and masonry exterior construction that range in size from 841 to 948 square feet of living area. The dwellings are from 61 to 66 years old. Three comparables have full basements with one comparable having finished area, two comparables have central air conditioning and each comparable has a one-car or two-car garage. The comparables have improvement assessments that ranged from \$6,276 to \$6,611 or from \$6.79 to \$7.86 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review's comparables #1 and #4 based on their 1.5-story design and/or lack of a basement when compared to the subject's one-story design and full finished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #3. These comparables were most similar to the subject in design, exterior construction, age, dwelling size and foundation. These comparables had improvement assessments of \$6,276 and \$6,360 or \$6.79 and \$7.08 per square foot of living area. The subject's improvement assessment of \$5,298 or \$5.67 per square foot of living area is less than the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
