

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arutha Thompson
DOCKET NO.: 14-29434.001-R-1
PARCEL NO.: 29-14-214-033-0000

The parties of record before the Property Tax Appeal Board are Arutha Thompson, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,402
IMPR.: \$23,505
TOTAL: \$25,907

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with 2 dwellings. Improvement #1 is a two-story dwelling of frame and masonry construction with 1,731 square feet of living area. The dwelling is 8 years old. Features include a slab foundation, central air conditioning, a fireplace and a two-car garage. Improvement #2 is a two-story dwelling of frame and masonry construction with 1,731 square feet of living area. The dwelling is 8 years old. Features include a slab foundation, central air conditioning, a fireplace and a two-car garage. The property is located in Dolton, Thornton Township, Cook County. Both of the subject improvements are classified as class 2-95 properties under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables supposedly for improvement

#1. The appellant failed to disclose any information regarding improvement #2 and submitted no comparables for analysis.¹

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,907. Improvement #1 has an improvement assessment of \$11,652 or \$6.73 per square foot of living area. Improvement #2 has an improvement assessment of \$11,853 or \$6.85 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables for improvement #1 and four comparables for improvement #2.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables regarding improvement #1. The comparables had varying degrees of similarity when compared to the subject. These comparables had improvement assessments that ranged from \$6.69 to \$6.76 per square foot of living area. The subject's assessment for improvement #1 of \$6.73 per square foot of living area falls within the range established by the comparables in this record. The Board finds the only evidence of assessment equity for improvement #2 is the board of review's comparables. These comparables had improvement assessments of \$8.25 or \$8.26 per square foot of living area. The subject's assessment for improvement #2 of \$6.85 per square foot of living area falls below the range established by the only comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant's equity grid erroneously divided the subject's total improvement assessment by the square footage of improvement #1 only.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
