

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marilyn Austin
DOCKET NO.: 14-29447.001-R-1
PARCEL NO.: 30-29-201-031-0000

The parties of record before the Property Tax Appeal Board are Marilyn Austin, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,837
IMPR.: \$4,332
TOTAL: \$7,169

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 761 square feet of living area. The dwelling is approximately 63 years old and has a full finished basement. The property has an 8,730 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables were improved with one-story dwellings of frame or frame and masonry exterior construction. The dwellings are 60 or 65 years old. The dwellings have either 812 or 945 square feet of living area and have improvement assessments ranging from \$2,453 to \$3,452 or from \$3.02 to \$3.65 per square foot of living area. Based on

this evidence, the appellant requested that the improvement assessment be reduced to \$2,770 or \$3.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,169. The subject property has an improvement assessment of \$4,332 or \$5.69 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables were improved with one, one-story dwelling and two, 1.5-story dwellings of frame and masonry exterior construction that have 756 square feet of living area. The dwellings are 63 years old. Each comparable has a full basement with one comparable having finished area and each comparable has a 1.5-car or two-car garage. The comparables have improvement assessments that ranged from \$4,764 to \$5,929 or from \$6.30 to \$7.84 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review's comparable #1 due to their dissimilar one-story design and for the appellant's comparables which lacked basements when compared to the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #3. These comparables were most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments of \$5,450 and \$5,929 or \$7.21 and \$7.84 per square foot of living area. The subject's improvement assessment of \$4,332 or \$5.69 per square foot of living area is below the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
