

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Kijewski
DOCKET NO.: 14-29455.001-R-1
PARCEL NO.: 30-32-112-040-0000

The parties of record before the Property Tax Appeal Board are James Kijewski, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,031
IMPR.: \$4,507
TOTAL: \$6,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 966 square feet of living area. The dwelling is approximately 61 years old and has a one-car garage. The property has a 6,250 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on four equity comparables. The comparables were improved with one-story dwellings of frame exterior construction. The dwellings are from 59 to 83 years old. Three comparables have basements and one comparable has central air-conditioning. Photographs of the comparables indicates comparable #1 has a one-car detached garage. The dwellings range in size from 816 to

945 square feet of living area and have improvement assessments ranging from \$1,095 to \$1,523 or \$1.16 to \$1.74 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$1,555 or \$1.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,538. The subject property has an improvement assessment of \$4,507 or \$4.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with two, one-story dwellings and two, 1.5-story dwellings of frame exterior construction that range in size from 841 to 954 square feet of living area. The dwellings are from 59 to 64 years old. The comparables have full basements with two comparables having finished areas, two comparables have central air-conditioning, one comparable has a fireplace and each comparable has a one-car, two-car or 2.5-car garage. The comparables have improvement assessments that ranged from \$6,021 to \$7,079 or from \$7.09 to \$7.91 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 based on its considerably older age when compared to the subject's newer age. The Board gave less weight to the board of review's comparables #2, #3 and #4 based on their dissimilar 1.5-story design and/or full finished basement when compared to the subject's one-story design and slab concrete foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #4 along with the board of review's comparables #1. These comparables were more similar to the subject in location, design, exterior construction, age and dwelling size. These comparables had improvement assessments that ranged from \$1,095 to \$6,021 or from \$1.16 to \$7.09 per square foot of living area. The subject's improvement assessment of \$4,507 or \$4.67 per square foot of living area is within the range established by the best comparables contained in this record. After considering adjustments to the comparables when compared to the subject, the Board finds that the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
