

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Kulik  
DOCKET NO.: 14-29456.001-R-1  
PARCEL NO.: 27-25-407-027-0000

The parties of record before the Property Tax Appeal Board are Edward Kulik, the appellant, by attorney John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,548  
**IMPR.:** \$14,520  
**TOTAL:** \$17,068

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction that is approximately 43 years old.<sup>1</sup> Features of the home include a partial basement with finished area, central air conditioning and a two-car garage. The property has a 7,280 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

---

<sup>1</sup> The appellant reports that the subject property is a multi-level dwelling that has 984 square feet of living area and the board of review reports it has 1,238 square feet of living area. The Property Tax Appeal Board finds that neither party submitted any evidence to support their position on the correct amount of living area. The Board finds the conflicting dwelling size will not prevent the Board from determining the correct assessment of the subject property based on the evidence in the record.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted information on four assessment comparables. The comparables are comprised of multi-level dwellings of frame exterior construction. The dwellings are each 54 years old. Each comparable has a partial basement and two comparables have central air conditioning. Photographs of the comparables indicate comparable #2 has a two-car attached garage. The dwellings have improvement assessments ranging from \$13,914 to \$14,477. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$11,503.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,068. The subject property has an improvement assessment of \$14,520. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are comprised of multi-level dwellings of frame and masonry exterior construction that are either 42 or 43 years old. Each comparable has a partial basement with finished area, one comparable has central air conditioning and three comparables have a two-car garage. The dwellings have improvement assessments ranging from \$15,764 to \$17,305. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their older age when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables are most similar to the subject in location, exterior construction, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$15,764 to \$17,305. The subject's improvement assessment of \$14,520 is below the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
