

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harrylyn Dorsey
DOCKET NO.: 14-29464.001-R-1
PARCEL NO.: 29-23-105-002-0000

The parties of record before the Property Tax Appeal Board are Harrylyn Dorsey, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,578
IMPR.: \$6,947
TOTAL: \$9,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction. The dwelling is approximately 57 years old and has 1,120 square feet of living area. Features of the home include a full finished basement, central air conditioning, and a 1.5 car garage. The property has a 6,875 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables described as one-story dwellings of masonry exterior construction. The dwellings are from 54 to 61 years old and contain from 1,391 to 1,400 square feet of living area. One comparable has central air conditioning and one comparable has a fireplace. The comparables have improvement

assessments ranging from \$5,595 to \$5,827 or from \$4.01 to \$4.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$4,637 or \$4.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,525. The subject property has an improvement assessment of \$6,947 or \$6.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same block as the subject property. The comparables consist of one-story dwellings of masonry exterior construction that contain 1,120 square feet of living area. The dwellings are from 55 to 57 years old. Each comparable has a full basement with two comparables having a finished area, central air conditioning, and a two-car garage. The comparables have improvement assessments ranging from \$5,891 to \$7,966 or from \$5.26 to \$7.11 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables because they lack basements when compared to the subject property. The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are identical to the subject in dwelling size and similar in location, design, exterior construction, age, and most features. These comparables had improvement assessments that ranged from \$5.26 to \$7.11 per square foot of living area. The subject's improvement assessment of \$6.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
