

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas O'Donnell
DOCKET NO.: 14-29483.001-R-1
PARCEL NO.: 27-26-317-026-0000

The parties of record before the Property Tax Appeal Board are Thomas O'Donnell, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,324
IMPR.: \$20,602
TOTAL: \$23,926

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction. The dwelling is approximately 27 years old and has 2,086 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an 8,312 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables described as two-story dwellings of frame and masonry exterior construction. The dwellings are 36 years old and contain either 2,483 or 2,489 square feet of living area. Three comparables have central air conditioning and each comparable has a fireplace. The comparables have improvement

assessments ranging from \$18,912 to \$19,472 or from \$7.62 to \$7.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$16,083 or \$7.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,926. The subject property has an improvement assessment of \$20,602 or \$9.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within .25 of a mile from the subject property. The comparables consist of two-story dwellings of frame and masonry exterior construction. The dwellings are either 27 or 28 years old and contain either 2,086 or 2,099 square feet of living area. Each comparable has a partial basement with one comparable having a finished area. Three comparables have central air conditioning, three comparables have a fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$20,988 to \$22,507 or from \$10.00 to \$10.72 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables because they lack basements and they are older in age when compared to the subject property. The Board gave less weight to the board of review's comparable #1 due to its finished basement being superior when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, and #4. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, and most features. These comparables had improvement assessments that ranged from \$10.00 to \$10.72 per square foot of living area. The subject's improvement assessment of \$9.88 per square foot of living area falls below the range established by the best comparables in this record. Therefore, no reduction is warranted. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
