

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Bocek
DOCKET NO.: 14-29484.001-R-1
PARCEL NO.: 27-27-318-015-0000

The parties of record before the Property Tax Appeal Board are Donald Bocek, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,086
IMPR.: \$21,233
TOTAL: \$23,319

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction. The dwelling is approximately 15 years old and has 2,169 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 2,318 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables described as two-story dwellings of frame and masonry exterior construction. The dwellings are from 9 to 19 years old and range in size from 2,172 to 2,234 square feet of living area. Each comparable has an unfinished basement, central air conditioning, and one comparable has a fireplace. The

comparables have improvement assessments ranging from \$22,317 to \$23,203 or from \$7.20 or \$7.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,964 or \$7.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,319. The subject property has an improvement assessment of \$21,233 or \$9.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same block as the subject property. The comparables consist of two-story dwellings of frame and masonry exterior construction. The dwellings are 15 years old that contain either 2,169 or 2,272 square feet of living area. Each comparable has a full basement with one comparable having a finished area, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments of either \$21,233 or \$22,483 or \$9.79 or \$9.90 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the board of review comparable #4 because of its finished basement which is superior when compared to the subjects unfinished basement. The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparables #1, #2, and #3. These comparables are similar to the subject property in location, dwelling size, design, exterior construction, age, and most features. These comparables had improvement assessments ranging from \$15,682 to \$22,483 or from \$7.20 to \$9.90 per square foot of living area. The subject's improvement assessment of \$21,233 or \$9.79 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
