

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Butler  
DOCKET NO.: 14-29495.001-R-1  
PARCEL NO.: 27-32-401-003-0000

The parties of record before the Property Tax Appeal Board are Stephen Butler, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,700  
**IMPR.:** \$25,024  
**TOTAL:** \$30,724

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,763 square feet of living area. The dwelling is 24 years old. Features of the home include a full unfinished basement, a fireplace and a two-car garage. The property has a 12,000 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables. The comparables were improved with two-story dwellings of frame and masonry exterior construction. The dwellings are from 1 to 33 years old. Each comparable has a basement, a fireplace and three comparables have central air conditioning. The appellant's

attorney did not indicate whether any of the comparables had a garage. The dwellings range in size from 2,481 to 2,984 square feet of living area and have improvement assessments ranging from \$14,595 to \$16,425 or from \$5.49 to \$6.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,329 or \$5.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,724. The subject property has an improvement assessment of \$25,024 or \$9.06 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with two-story style masonry and frame dwellings that range in size from 2,665 to 2,846 square feet of living area. The dwellings are 10 years old. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging from two-car to three-car. The comparables have improvement assessments that ranged from \$26,101 to \$30,465 or from \$9.62 to \$11.35 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The comparables have varying degrees of similarity in dwelling size, design, age and features when compared to the subject property. The comparables had improvement assessments that ranged from \$14,595 to \$30,465 or from \$5.49 to \$11.35 per square foot of living area. The subject's improvement assessment of \$25,024 or \$9.06 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
