

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aidas Mineikis  
DOCKET NO.: 14-29499.001-R-1  
PARCEL NO.: 27-22-103-044-0000

The parties of record before the Property Tax Appeal Board are Aidas Mineikis, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,748  
**IMPR.:** \$17,654  
**TOTAL:** \$19,402

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level style dwelling of frame and masonry exterior construction with 1,730 square feet of living area. The dwelling is 25 years old. Features of the home include a partial finished basement, central air conditioning and a two-car garage. The property has a 4,997 square foot site and is located in Orland Hills, Orland Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables. The comparables were improved with multi-level style dwellings of frame or frame and masonry exterior construction. The dwellings are from 40 to 54 years old. Each comparable has a partial basement, central air conditioning and one comparable has a

fireplace. The appellant's attorney did not indicate whether any of the comparables had a garage. The dwellings range in size from 1,815 to 2,160 square feet of living area and have improvement assessments ranging from \$12,862 to \$15,028 or from \$6.90 to \$7.09 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$12,041 or \$6.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,402. The subject property has an improvement assessment of \$17,654 or \$10.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within .25 of a mile from the subject property. The comparables were improved with multi-level style dwellings of masonry and frame exterior construction that range in size from 1,348 to 1,589 square feet of living area. The dwellings are from 16 to 25 years old. Each comparable has a partial finished basement, central air conditioning and a two-car garage. The comparables have improvement assessments that ranged from \$15,978 to \$17,898 or from \$10.83 to \$13.15 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The comparables have varying degrees of similarity in dwelling size, design, age and features when compared to the subject property. The comparables had improvement assessments that ranged from \$12,862 to \$17,898 or from \$6.90 to \$13.15 per square foot of living area. The subject's improvement assessment of \$17,654 or \$10.20 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
