

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Disselkoen  
DOCKET NO.: 14-29504.001-R-1  
PARCEL NO.: 29-32-300-046-0000

The parties of record before the Property Tax Appeal Board are Kenneth Disselkoen, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,845  
**IMPR.:** \$16,394  
**TOTAL:** \$20,239

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry construction. The dwelling is approximately 46 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 12,818 square foot site and is located in Homewood, Thornton Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.<sup>1</sup>

---

<sup>1</sup> The appellant reports that the subject property has 1,934 square feet of living area. The board of review reports that the subject property has 3,326 square feet of living area. The Property Tax Appeal Board finds that neither party submitted any evidence to support their position on the correct amount of living area. The Board finds the conflicting dwelling size will not prevent the Board from determining the correct assessment of the subject property based on the evidence in the record.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables. The comparables were improved with two, 1.5-story dwellings and one, one-story dwelling of frame or frame and masonry exterior construction. The dwellings are from 57 to 98 years old. Each comparable has a basement and one comparable has central air conditioning. The appellant's attorney did not indicate whether any of the comparables had a garage. The comparables have total assessments ranging from \$16,045 to \$21,853. Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$12,316.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,239. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with three, 1.5-story dwellings and one, one-story dwelling of masonry or frame exterior construction. The dwellings are from 21 to 94 years old. Each comparable has a full unfinished basement, two comparables have central air conditioning, three comparables have a fireplace and each comparable has a 2, 2.5 or 3.5-car garage. The comparables have total assessments that ranged from \$19,646 to \$23,900. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 along with the board of review's comparable #4 due to their one-story design when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables have varying degrees of similarity in design, exterior construction, age and features when compared to the subject property. These comparables had total assessments that ranged from \$18,816 to \$23,900. The subject's total assessment of \$20,239 falls within the range established by the most similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's total assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
