

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allen Christian  
DOCKET NO.: 14-29507.001-R-1  
PARCEL NO.: 30-17-214-003-0000

The parties of record before the Property Tax Appeal Board are Allen Christian, the appellant, by John S. Xydakis of the Law Offices of John S. Xydakis, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,440  
**IMPR.:** \$4,622  
**TOTAL:** \$6,062

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 832 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement and a 1.5-car garage. The property has a 4,800 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on three equity comparables. The comparables were improved with one-story dwellings of frame exterior construction. The dwellings are from 110 to 125 years old. The appellant's attorney did not indicate whether any of the comparables had a garage. The dwellings range in

size from 728 to 980 square feet of living area and have improvement assessments ranging from \$1,509 to \$2,347 or from \$2.07 to \$2.39 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$1,914 or \$2.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,062. The subject property has an improvement assessment of \$4,622 or \$5.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with one-story dwellings of frame, masonry, and frame and masonry exterior construction that ranged in size from 720 to 977 square feet of living area. The dwellings are from 60 to 83 years old. Each comparable has a full basement with two comparables having a finished area, three comparables have central air conditioning, one comparable has a fireplace and each comparable has a two-car or 2.5-car garage. The comparables have improvement assessments that ranged from \$3,614 to \$5,865 or from \$5.02 to \$6.03 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their considerably older age and a lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables have varying degrees of similarity in location, design, age, dwelling size, and features when compared to the subject property. These comparables had improvement assessments that ranged from \$3,614 to \$5,865 or from \$5.02 to \$6.03 per square foot of living area. The subject's improvement assessment of \$4,622 or \$5.56 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
