

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michaelangelo Daniele
DOCKET NO.: 14-29518.001-R-1
PARCEL NO.: 12-11-210-026-0000

The parties of record before the Property Tax Appeal Board are Michaelangelo Daniele, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,670
IMPR.: \$26,953
TOTAL: \$34,623

Subject only to the State multiplier as applicable.

A Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is 45 years old. Features of the home include a two-car garage. The property has a 7,670 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information for ten equity comparables with property record cards for each comparable. These comparables range in size from 1,310 to 1,362 square feet of living area and ranged from \$14.92 to \$17.32 per square foot of living area in improvement assessment. This evidence shows the subject contains 2,041 square feet of living area. The appellant also submitted the paperwork filed with the Cook County Assessor's Office and the board of review.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,623. The subject property has an improvement assessment of \$26,953 or \$13.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

At hearing, the appellant argued that the subject property should be classified as a 2-34 property instead of a 2-78 and that the board of review's comparables are classified as 2-78 properties. The board of review representative argued that the appellant's ten comparables are all considerable smaller in size than the subject while the board of review's comparables are more similar in size to the subject and the board of review's comparable #1 is located on the same block as the subject and identical in every way except for a difference in 51 square feet. The board of review representative also stated that changing the classification of the subject can only be done by the Cook County Assessor's office and that even if it were changed to class 2-34 as the appellant requests, the outcome of this matter with the Property Tax Appeal Board would still be the same because the appellant's ten comparables are not similar in size to the subject.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments that ranged from \$13.16 to \$14.57 per square foot of living area. The subject's improvement assessment of \$13.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
