

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Urmila Rawal
DOCKET NO.: 14-29695.001-R-1
PARCEL NO.: 06-27-301-033-0000

The parties of record before the Property Tax Appeal Board are Urmila Rawal, the appellant, by Christopher G. Walsh, Jr., Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,519
IMPR.: \$45,366
TOTAL: \$50,885

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 5,132 square feet of living area. The dwelling is 19 years old. Features of the home include a partial basement that is finished, central air conditioning, a fireplace and a three-car garage.¹ The property has a 24,529 square foot site and is located in Bartlett, Hanover Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$450,000 as of January 1, 2013.

¹ The parties differ as to the subject's exterior construction, age, dwelling size, basement size and the number of garage spaces. The Board finds the differences reported by the parties will not impact the Board's decision.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,885. The subject's assessment reflects a market value of \$508,850 or \$99.15 per square foot of living area, including land, when using 5,132 square feet of living area and when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that occurred from January to October 2013 for prices ranging from \$515,000 to \$615,000 or from \$86.91 to \$127.64 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's comparable sales #1 through #3. These comparables had varying degrees of similarity when compared to the subject and also sold more proximate in time to the January 1, 2014 assessment date, than did the comparables selected by the appellant's appraiser. The most similar board of review comparable sales sold for prices ranging from \$515,000 to \$550,000 or from \$94.50 to \$127.64 per square foot of living area, including land. The subject's assessment reflects a market value of \$508,850 or \$99.15 per square foot of living area, including land, which is supported by the best comparable sales in the record. The Board gave less weight to the value conclusion from the appellant's appraisal due to its effective date occurring 12 months prior to the January 1, 2014 assessment date. In addition, the Board gave less weight to the raw sales data from the appellant's appraisal due to the sales occurring in 2012, which would be less probative of the subject's market value as of the assessment date at issue than the sales presented by the board of review. Finally, the Board gave less weight to the board of review's comparable #4 due to its significantly larger size when compared to the subject. Based on this evidence in this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
