

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Adrianoutsos  
DOCKET NO.: 14-29790.001-R-1  
PARCEL NO.: 31-36-403-003-0000

The parties of record before the Property Tax Appeal Board are Donna Adrianoutsos, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,935  
**IMPR.:** \$3,522  
**TOTAL:** \$5,457

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 63 year-old, one-story dwelling of masonry construction containing 949 square feet of living area. Features of the home include a slab foundation and a one and one-half-car garage. The property has a 7,039 square foot site located in Rich Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on eight suggested comparable sales that sold from August 2013 through March 2014 for prices ranging from \$16.12 to \$26.87 per square foot of living area including land. The appellant requested a total assessment reduction to \$1,819 and adjustment information.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,457. The subject's assessment reflects a market value of \$54,570, or \$57.50 per square foot of living area including land, when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested sale comparables that sold from September 2011 through June 2012 for prices ranging from \$60.06 to \$232.88 per square foot of living area including land.

At hearing, the appellant testified that her evidence establishes that her subject property was overvalued. Her evidence included a grid of eight sale comparables listing various key property characteristics. The grid included a portion entitled "Property Equalization Values" that the appellant testified was prepared by someone she assumed was an attorney or appraiser. That person was not present to testify at hearing. The appellant said she was told by that person that she could handle the hearing on her own. The board of review objected to the admission of the appellant's Property Equalization Values grid because it was hearsay without testimony under cross-examination of the person who prepared it. The Board reserved ruling on the objection.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant did not produce the person who prepared the Property Equalization Values grid at hearing for cross-examination and to lay a foundation for his qualifications to render opinions and conclusions disclosed in that grid. The Board sustains the objection to the admission of that grid as hearsay and, therefore, gives the information therein no weight. The Board further finds that there was no foundation for the adjustments, opinions and conclusions made in that grid. However, the Board may consider the raw, unadjusted sale data submitted by the appellant.

The Board finds the best evidence of market value to be the appellant's comparable sales #1, #4, #5, #6, and #7, and the board of review comparable sales #1 and #3. These comparables sold for prices ranging from \$13.80 to \$232.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$57.50 per square foot of living area including land, which is within the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
