

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincenzo Zaffarano
DOCKET NO.: 14-30338.001-R-1
PARCEL NO.: 31-35-211-036-0000

The parties of record before the Property Tax Appeal Board are Vincenzo Zaffarano, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,013
IMPR.: \$6,246
TOTAL: \$8,259

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 59 year-old, two-story dwelling of frame and masonry construction containing 1,388 square feet of living area. Features of the home include a slab foundation and a two-car garage. The property has a 7,320 square foot site and is located in Rich Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased from the U.S. Department of Housing and Urban Development on March 13, 2014 for a price of \$23,150 in an all-cash transaction. The appellant also submitted a Multiple Listing Service listing information sheet disclosing the subject was sold as a "HUD owned" property in an "as is" condition. The appellant also asserted in Section IV—Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related parties, was advertised and sold through a realtor, and

was sold in settlement of a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,259. The subject's assessment reflects a market value of \$82,590 or \$59.50 per square foot of living area when using the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The subject's sale price of \$23,150 reflects a market value of \$16.68 per square foot of living area including land. In support of its contention of the correct assessment, the board of review submitted information on four suggested sales comparables and the notation in its Notes on Appeal, "Not an arm's length sale/It was a foreclosure!"

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in March 2014 for \$23,150 is a compulsory sale. The appellant's evidence disclosed that the subject's sale was compulsory. A compulsory sale is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there was a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. *See* 35 ILCS 200/16-183. The appellant's evidence did not dispute that the sale was a compulsory sale. The appellant did not submit sale comparables to show that the sale of the subject in March 2014 for \$23,150 was at its fair cash value. Moreover, the board of review submitted sale comparables that contained property characteristics similar to the subject's and sold for prices ranging from \$47.07 to \$101.07 per square foot of living area including land. The board of review included in its evidence the disclosure that the subject was "Not an arm's length sale/It was a foreclosure!" The subject's assessment reflects a market value of \$59.50 per square foot of living area including land, which is within the range established by the best comparable sales in this record. The board of review's sale comparables also establish that the subject's \$23,150 purchase price was below its fair cash value. Since there is no supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and holds that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
