

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Shiv Agarwal
DOCKET NO.: 14-30428.001-R-1
PARCEL NO.: 03-34-405-019-0000

The parties of record before the Property Tax Appeal Board are Shiv Agarwal, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>A Reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,351 **IMPR.:** \$25,680 **TOTAL:** \$29,031

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 60-year-old dwelling of frame construction. Features of the home include a partial basement and a two-car garage. The property has an 8,379 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight suggested equity comparables. In addition, the appellant submitted an affidavit and a plat of survey showing that the subject is a two story dwelling with a square footage of 2,140 square feet.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,255. The subject property has an improvement assessment of

Docket No: 14-30428.001-R-1

\$30,904 or \$32.91 per square foot of living area based on 939 square feet of living area. In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables.

In written rebuttal, appellant's attorney distinguished the board of review's suggested comparables from the subject property.

Conclusion of Law

Initially, the Board finds the subject is a two-story dwelling with 2,140 square footage based on the evidence submitted by the appellant.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be all of the appellant's comparables. These comparables had improvement assessments that ranged from \$11.23 to \$12.21 per square foot of living area. The subject's improvement assessment of \$14.44 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.
