

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chester Jandura
DOCKET NO.: 14-31490.001-R-1
PARCEL NO.: 13-22-109-033-0000

The parties of record before the Property Tax Appeal Board are Chester Jandura, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,400
IMPR.: \$36,946
TOTAL: \$42,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 4,500 square foot parcel of land improved with a 39-year old, two-story, masonry, multi-family dwelling containing 3,704 square feet of building area. The property is located Jefferson Township, Cook County and is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted a partial and illegible copy of a settlement statement; top half of the second page of this statement which contains information on broker's fees is missing. The appellant listed the sale date, price, and seller on Section IV-Recent Sale Data of the appellant's petition, but did not complete the remaining information requested in that section. This data discloses that the subject was purchased in July 2012 for \$211,199. The appellant requests a reduction to 10% of the sale price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the residential parcel of the subject of \$42,346. The total assessment reflects a market value of \$423,460 using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted data on four sales comparables. In addition, the board of review listed a sale for the subject in July 2012 for \$211,199.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant failed to sufficiently complete Section IV of the petition which requests information on the arm's length nature of the sale. Moreover, the documents submitted by the appellant are illegible and incomplete and do not include any evidence of the property being listed on the open market. The Board finds the appellant failed to submit evidence that the sale met the requirements of an arm's length transaction. Moreover, the comparables submitted by the board of review support the subject's market value based on the current assessment. Therefore, the Board finds the appellant failed to prove by a preponderance of the evidence that the subject is overvalued and reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
