

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Toffy
DOCKET NO.: 14-33025.001-R-1
PARCEL NO.: 27-35-313-001-0000

The parties of record before the Property Tax Appeal Board are John Toffy, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,024
IMPR.: \$26,120
TOTAL: \$30,144

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, frame and masonry dwelling with 3,173 square feet of living area. The dwelling is 10 years old. The property has a 10,062 square foot site and is located in Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted information on four equity comparables.

In support of the overvaluation argument, the appellant submitted sale data for an additional four suggested comparables.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$34,136. The subject property has an improvement assessment of \$30,112, or \$9.49 per square foot of living area. The subject's assessment reflects a market value of \$341,360, or \$107.58 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, all of which reflected sale data.

In written rebuttal, the appellant argued that the board of review's comparables had differing property characteristics from the subject property.

Conclusion of Law

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #1 through #4. These comparables sold for prices ranging from \$84.53 to \$96.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$107.58 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified based on overvaluation.

As a final point, the Board also finds that the subject property is now equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
