

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 9048 Keeler LLC
DOCKET NO.: 14-33557.001-R-1
PARCEL NO.: 10-22-318-042-0000

The parties of record before the Property Tax Appeal Board are 9048 Keeler LLC, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,459
IMPR.: \$25,041
TOTAL: \$28,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains a 62 year-old, two-story dwelling of masonry construction with 3,339 square feet of living area. Features of the home include a full unfinished basement. The property has a 5,535 square foot site and is located in Niles Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$285,000 as of April 19, 2013. The appraisal disclosed the subject dwelling was vacant. The appellant also submitted a settlement statement disclosing the subject was sold by Federal National Mortgage Association on April 24, 2012 for the price of \$280,000. The appellant also submitted information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not a

transfer between related parties, was advertised and sold by a realtor, and was sold in settlement of a foreclosure. The appellant requested a total assessment reduction to \$28,000 when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,211. The subject's assessment reflects a market value of \$342,110 when applying the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four unadjusted suggested sale comparables.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appraisal had a market valuation date in April 2013, one year more recent than the sale of the subject in April 2012. The Board finds the subject property had a market value of \$285,000 as disclosed in the appraiser's opinion as of the assessment date at issue. Since market value has been established, the 2014 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
