

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eva Guzman  
DOCKET NO.: 14-35184.001-R-1  
PARCEL NO.: 17-20-325-009-0000

The parties of record before the Property Tax Appeal Board are Eva Guzman, the appellant, by attorney William I. Sandrick, of Sandrick Law Firm, LLC in South Holland; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,216  
**IMPR.:** \$7,084  
**TOTAL:** \$12,300

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a 2013 Final Administrative Decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2014 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a one-story single-family masonry dwelling approximately 100 years old. The dwelling contains approximately 1,322 square feet of living area. Features include a partial unfinished basement and central air conditioning. The site is approximately 2,898 square feet in size and is located in Chicago, West Chicago Township, Cook County. The subject parcel is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted an Appraisal Report estimating the subject property had a market value of \$115,000 or approximately \$86.99 per square foot of living area including land as of January 1, 2010. The appraiser utilized the sales comparison approach and the cost approach to estimate the market

value of the subject. Using the cost approach, the appraiser estimated the value of the subject to be \$112,100. Analyzing comparable sales, the appraiser estimated the subject's value at \$115,000. In reconciliation, the appraiser gave the greatest weight to the sales comparison approach.

The appellant also submitted a copy of the 2013 Property Tax Appeal Board Final Administrative Decision (Docket #13-29991.001-R-1) in which both parties reached an agreement as to the correct assessment of the subject property of \$12,300. The assessment reflects a market value of \$123,000 at the class 2 residential assessment level of 10%. Based on this evidence, the appellant requested the 2013 Property Tax Appeal Board assessment be carried forward for the 2014 assessment year.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,422. The subject's assessment reflects a market value of \$174,220 or approximately \$131.79 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties, none of which had recently sold. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board gave no weight to the equity comparables submitted by the board of review since overvaluation was the basis of the appeal. The appellant submitted a dated appraisal report estimating the property had a market value of \$115,000 or approximately \$86.99 per square foot of living area including land as of January 1, 2010, four years prior to the subject's assessment date. The subject's assessment reflects a market value of \$174,220 or approximately \$131.79 per square foot of living area, land included, which is greater than the appraised value of the subject on both a total market value basis as well as a per square foot basis. Based on this evidence, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
