

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kim Cisna  
DOCKET NO.: 15-00286.001-R-1  
PARCEL NO.: 16-05-25-208-005-0000

The parties of record before the Property Tax Appeal Board are Kim Cisna, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,651  
**IMPR.:** \$114,776  
**TOTAL:** \$141,427

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a one-story dwelling of masonry exterior construction with 2,958 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement, central air conditioning, a swimming pool and a 1,017 square foot garage. The property has a 19,791 square foot site and is located in Lockport, Homer Township, Will County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .05 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with two-story dwellings that ranged in size from 3,024 to 4,284 square feet of living area and have improvement assessments ranging from \$85,336 to \$113,826 or from \$26.57 to \$28.63 per

square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$109,271.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,427. The subject property has an improvement assessment of \$114,776 or \$38.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .27 of a mile from the subject property. The comparables had features with varying degrees of similarity when compared to the subject. The comparables were improved with one-story dwellings that ranged in size from 2,972 to 3,037 square feet of living area and have improvement assessments ranging from \$107,669 to \$121,497 or from \$35.45 to \$40.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The board of review also submitted information from the township assessor critiquing the appellant's submission.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their difference in style as each was improved with a two-story dwelling unlike the subject's one-story design. The Board finds the board of review's comparables are similar when compared to the subject in location, age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$35.45 to \$40.61 per square foot of living area. The subject's improvement assessment of \$38.80 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
