

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irene Vlahos
DOCKET NO.: 15-00453.001-R-1
PARCEL NO.: 07-01-09-109-003-0000

The parties of record before the Property Tax Appeal Board are Irene Vlahos, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,260
IMPR.: \$144,636
TOTAL: \$189,896

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story single family dwelling of frame and brick construction with 3,890 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a three-car attached garage with 687 square feet of building area. The property is located in Naperville, Wheatland Township, Will County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables improved with two-story dwellings that ranged in size from 2,831 to 4,081 square feet of living area. Each comparable was described as being 15 years old and four had central air conditioning. These comparables had improvement assessments ranging from \$93,209 to

\$139,978 or from \$32.92 to \$35.67 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$135,100.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,896. The subject property has an improvement assessment of \$144,636 or \$37.18 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables identified by the township assessor that were improved with two story dwellings that ranged in size from 3,822 to 3,929 square feet of living area. The comparables were constructed from 2000 to 2004. Each comparable has a unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 586 to 715 square feet of building area. The improvement assessments ranged from \$142,645 to \$144,619 or from \$36.49 to \$37.32 per square foot of living area. The board of review requested no change be made to the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables provided by the board of review. The board of review evidence contained a more complete description of its comparables, which was supported by copies of the property record cards for the respective properties. These comparables were more similar to the subject dwelling in size than were the comparables provided by the appellant and were also similar to the subject in features and age. These comparables had improvement assessments that ranged from \$36.49 to \$37.32 per square foot of living area. The subject's improvement assessment of \$37.18 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
